

Sir,

1. Trails for radio frequencies to be used at AF Stn Yelahanka for Aero India were carried out and undermentioned frequencies have been found suitable for flying display.

(a) Flying Display (Main):- 120.8 Mhz

(b) Flying Display (Stand by):- 120.9 Mhz

2. Undermentioned amendment may be published as addendum to flying manual

(a) 120.8 Mhz in lieu of 119.4 Mhz

(b) 120.9 Mhz in lieu of 118.7 Mhz

Regards,

Mahesh Upasani
